An Aviation Strategy FOR EUROPE

#AviationStrategyEU

The arrival of EU drone regulations

An EU drone regulatory framework by 2019

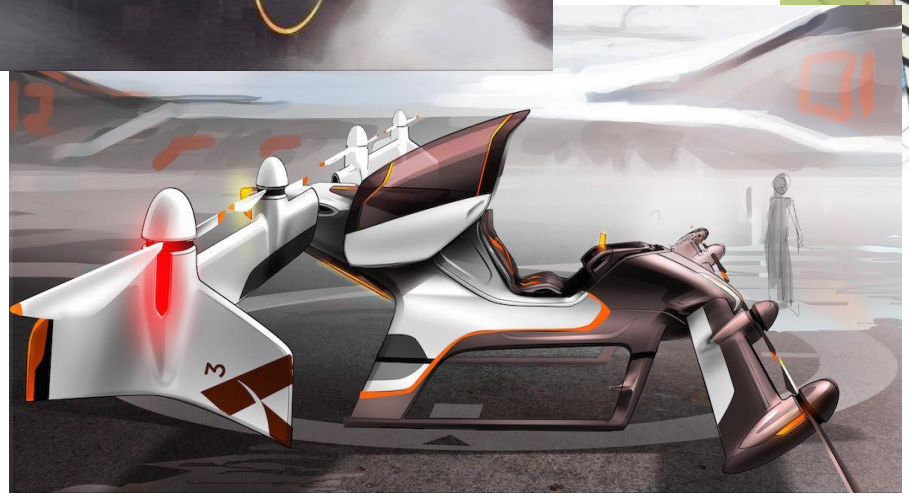
Koen De Vos

European Commission

What are we talking about?

It's all about AUTOMATION!

And technology is coming fast…



Airbus is teaming with Uber…

European Commission

Aviation services today

European Commission

Future aviation services

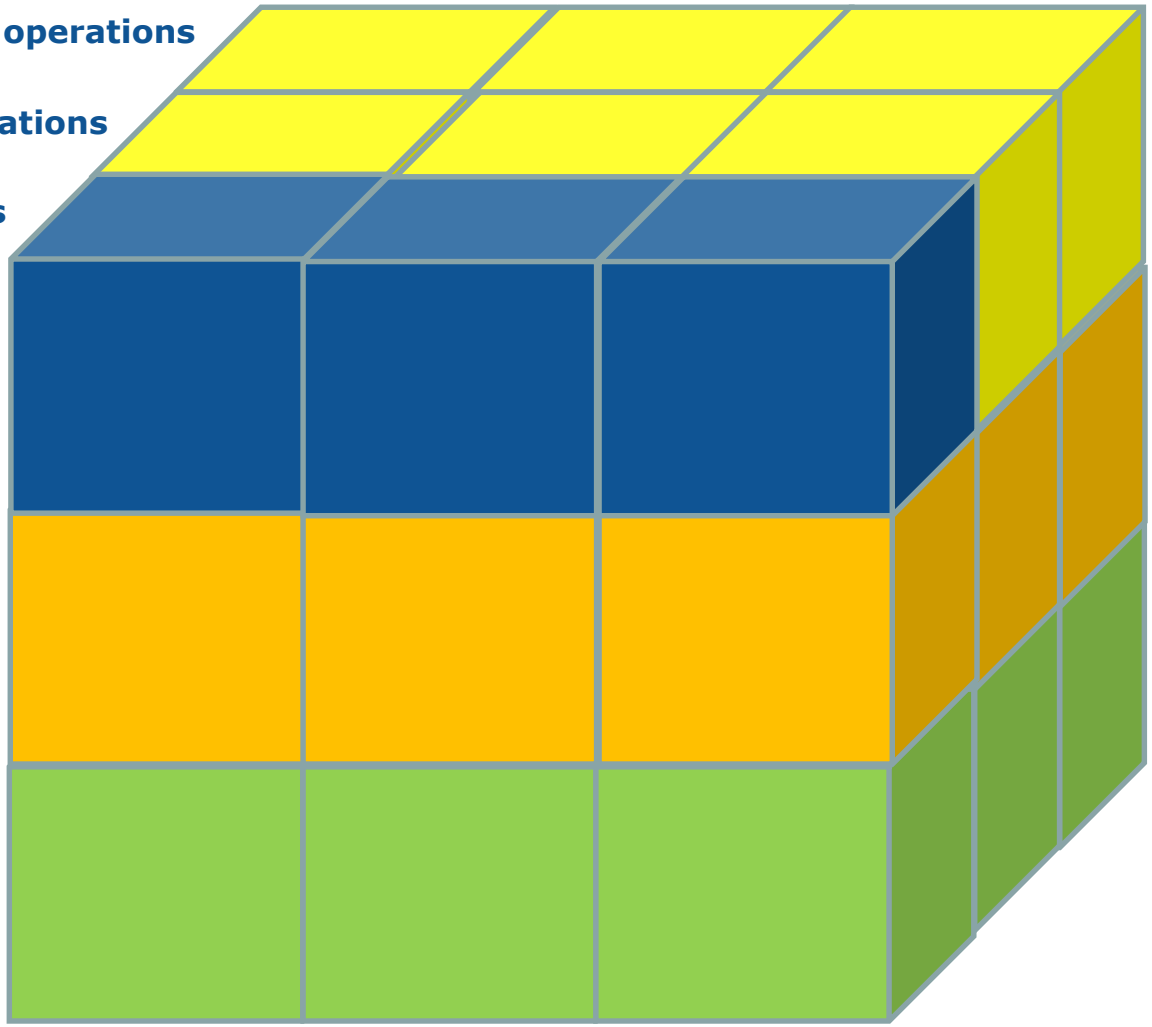
Logistics- first & last mile...

An EU initiative towards Aviation 2.0

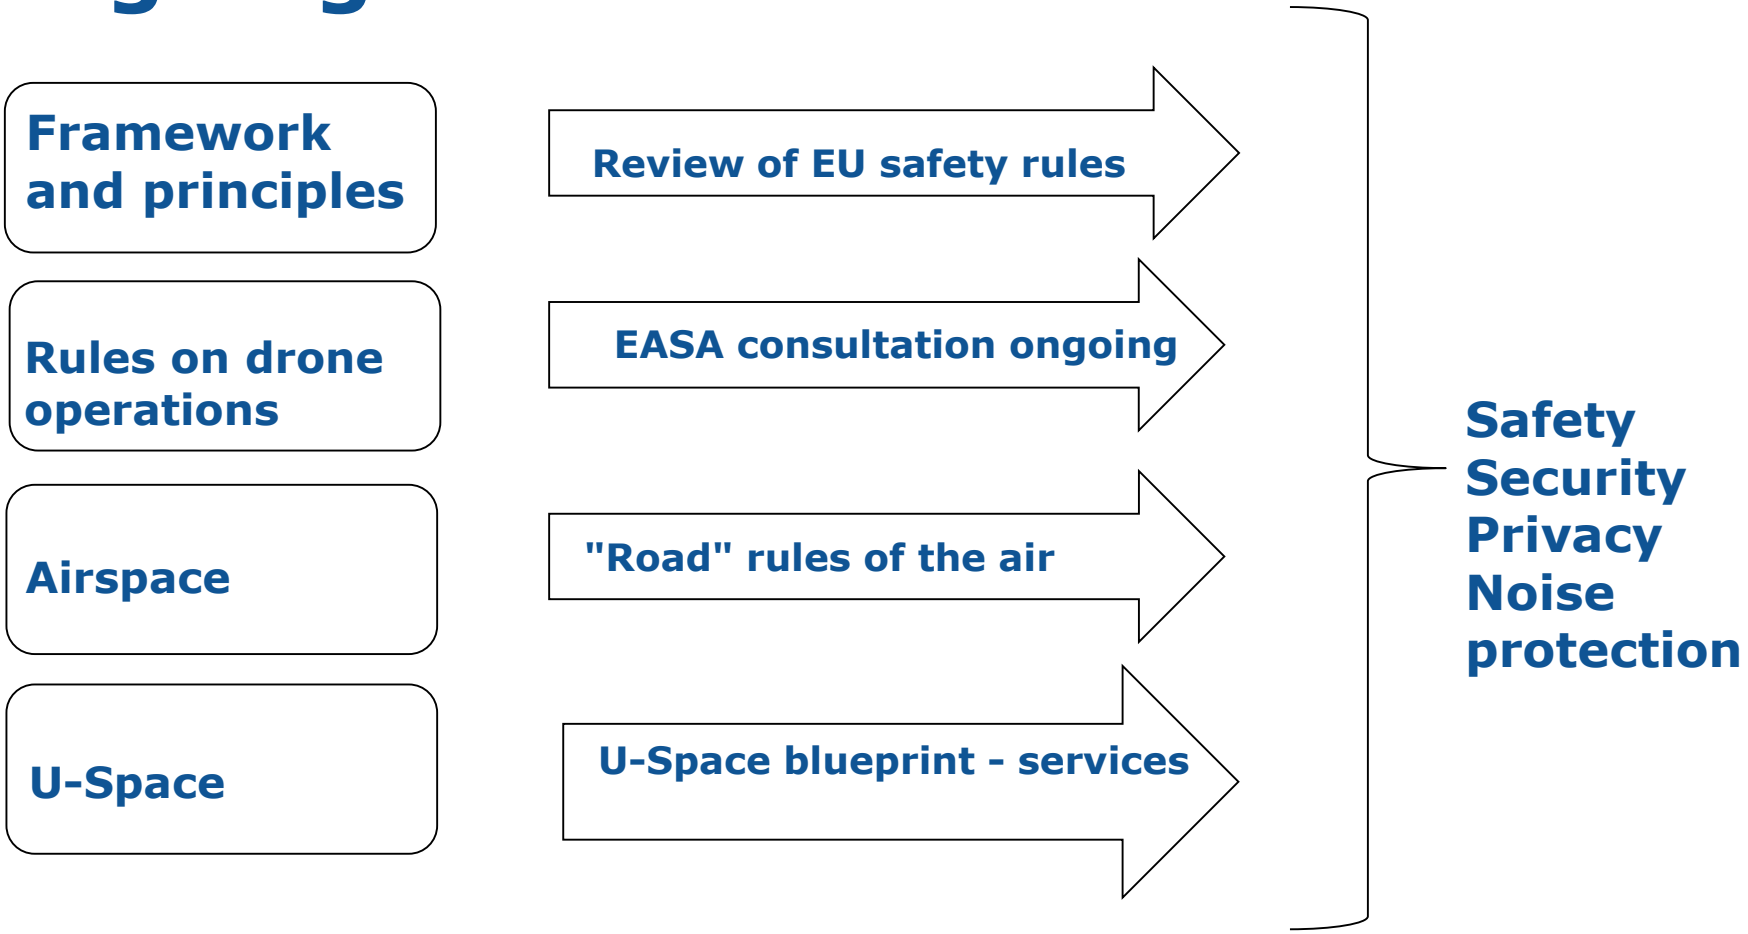
- A strong **EU** drone services market to embrace this global technology
- Keep the drones into the air and don't let them collide - **SAFETY** FIRST
- Yet also provide **protection** for citizens' security, privacy and environmental protection

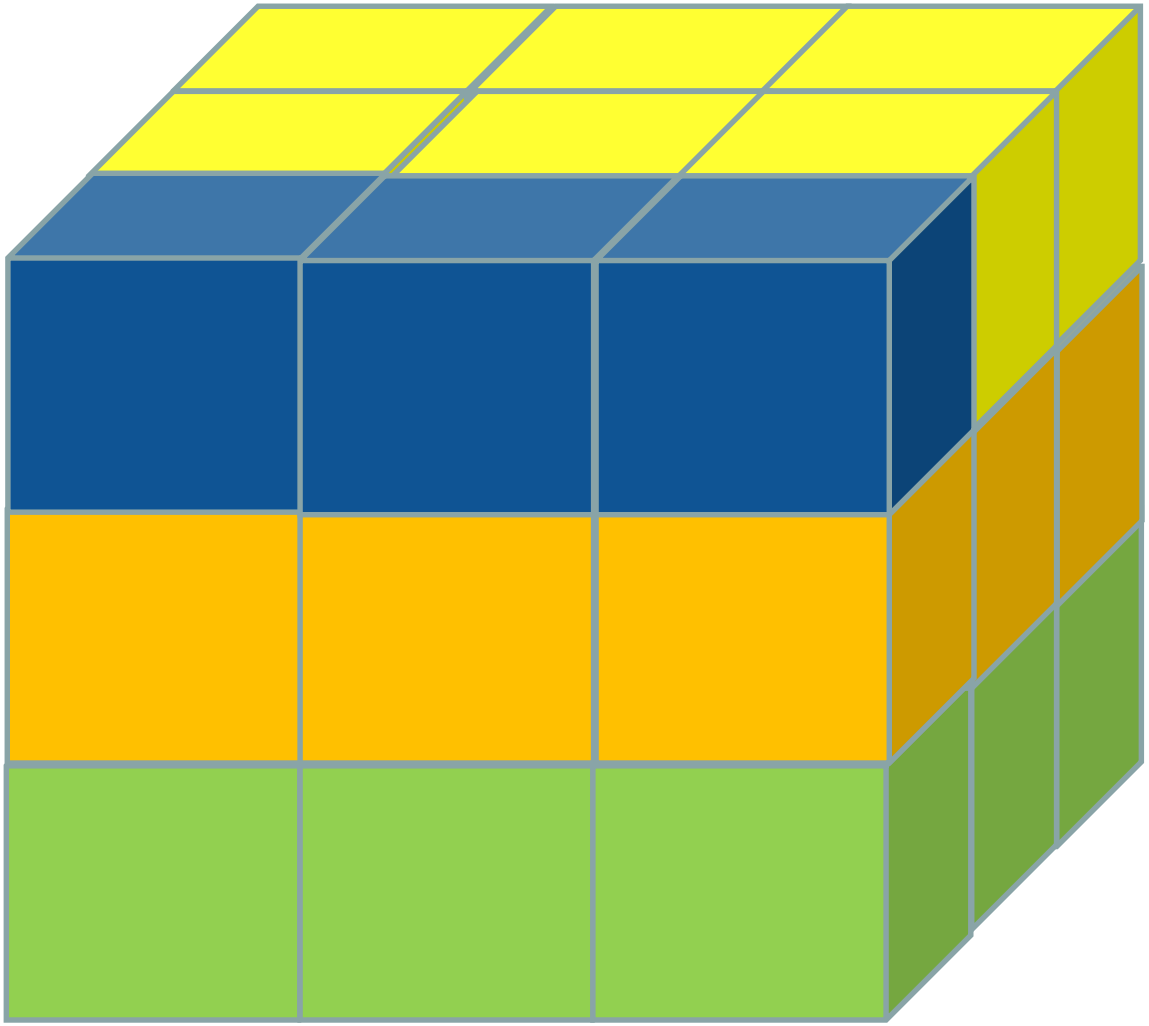
DRONE FRAMEWORK

From aircraft centric to operation centric rules



Drone regulatory system by 2019 – ongoing actions - deliverables



European Commission


Thank you, Rubik ☺
