EDIT YOUR PICTURES*

Adobe Lightroom App

* Advised but not mandatory to download the app for this Tips and Tricks session. You can also watch how I edit one of my photos in the end of the session.

Tips & tricks:
How to create better professional pictures

BEFORE WE START

Photography is subjective

I don’t see myself as an expert

I can’t share any tips on how to take better selfies. ☺

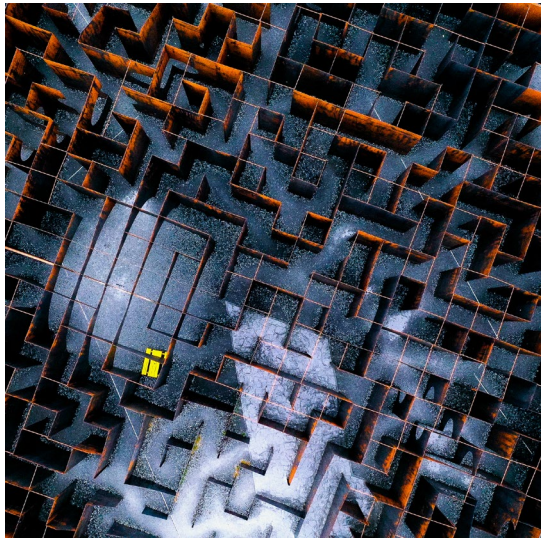
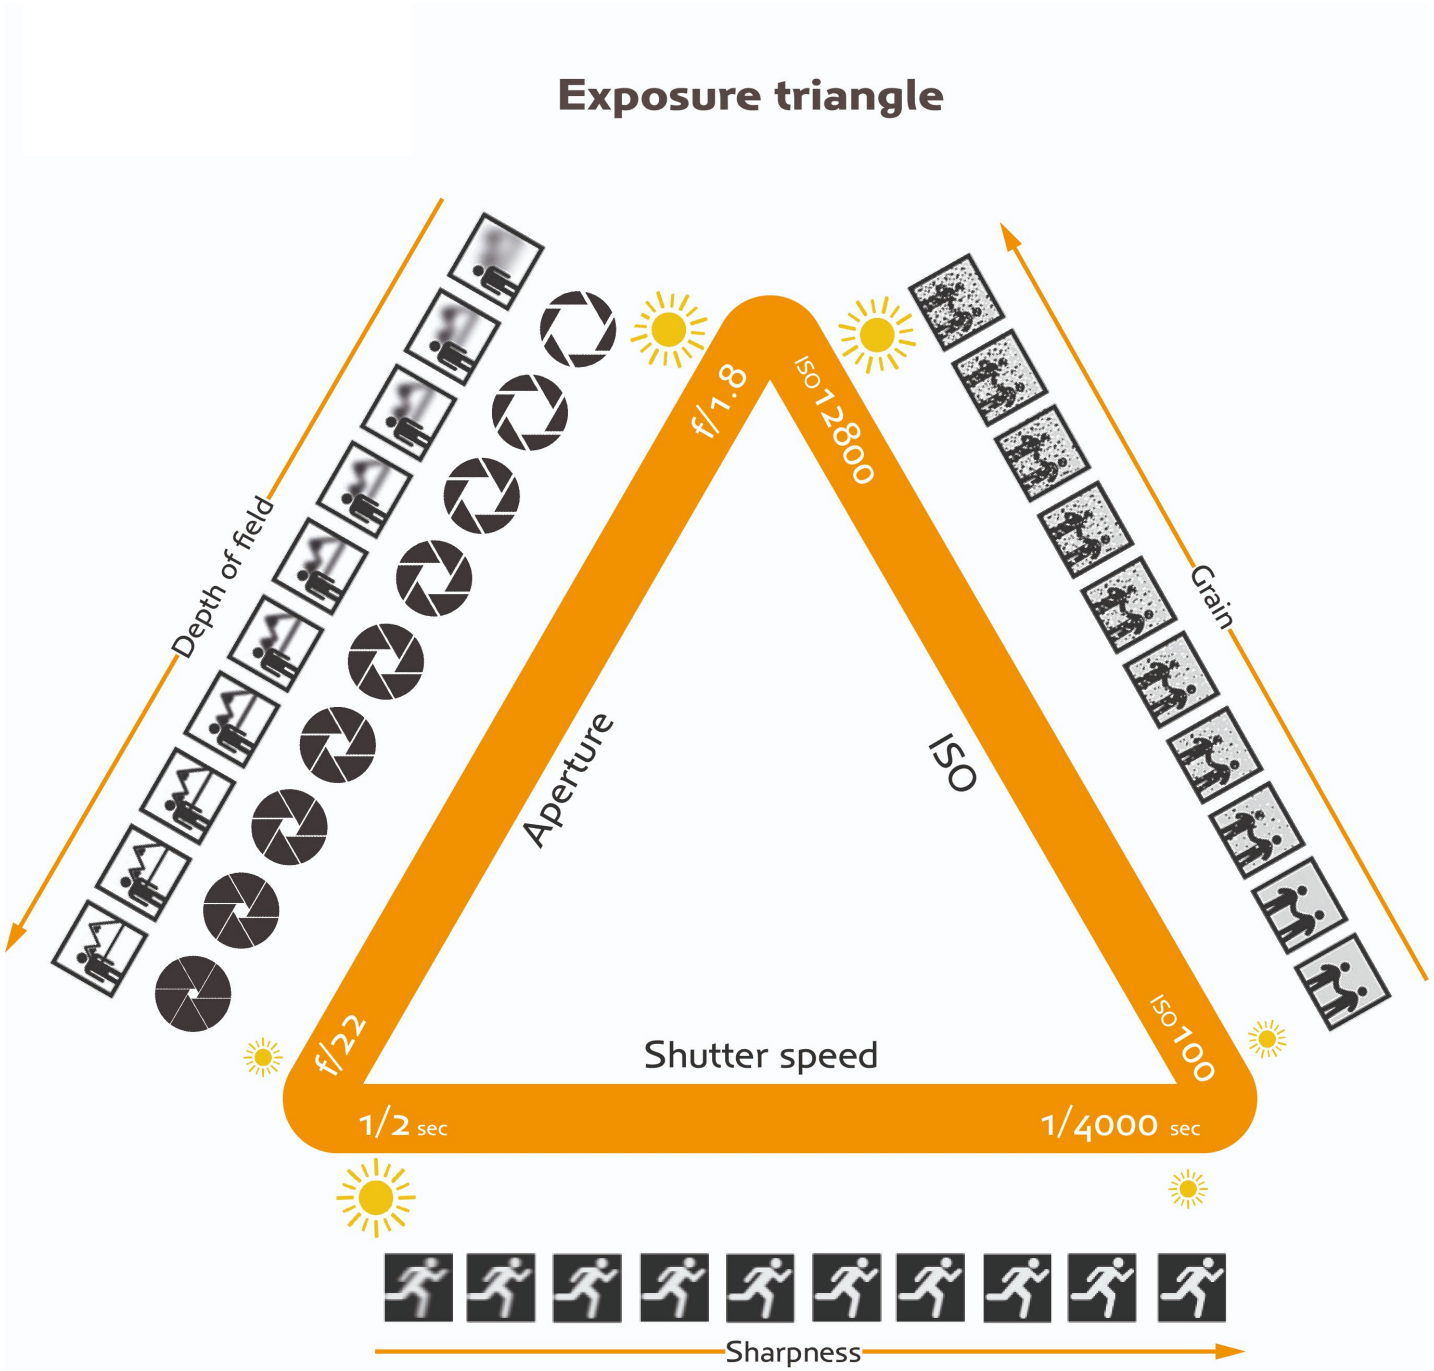
SOME OF MY PICTURES



Photography basics



5 tips for capturing better pictures

1) Clean material

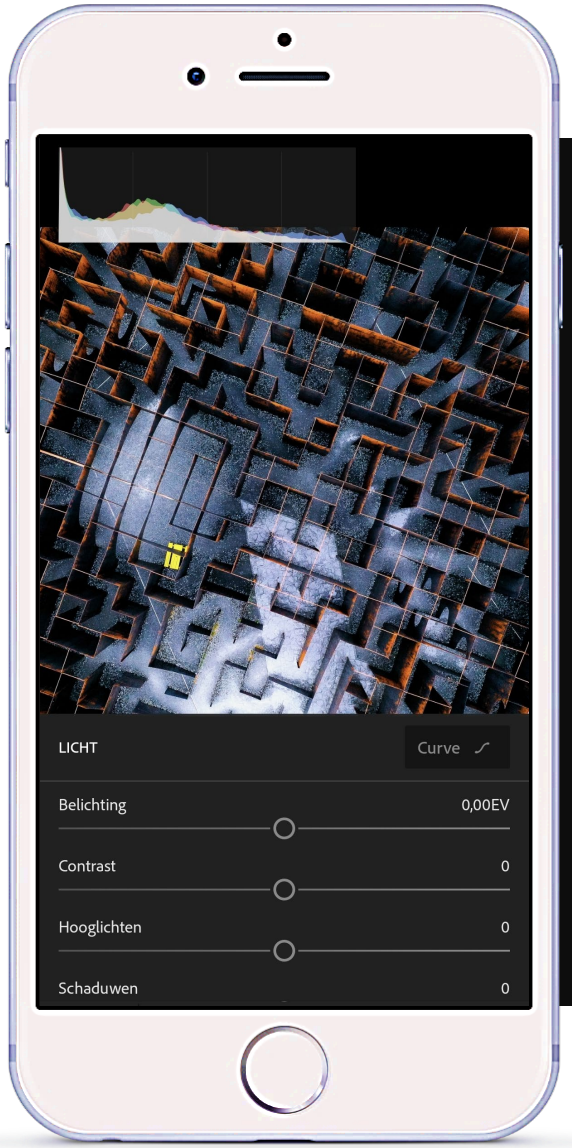
2) Good exposure

3) Optical vs digital zoom

4) Framing

5) Be creative
(composition, lighting, filters,…)

Let’s get started with the Adobe Lightroom app



5 editing parameters to remember

1) **Automatic edit**
2) **Crop & Rotate**
3) **Light: all parameters**
4) **Color: Vibrance & Saturation**
5) **Effects: Clarity & Vignette**
