

**CoderDojo**  
<belgium>

# CoderDojo

Ireland 2011 – Belgium 2013

Free IT sessions (Dojo's) for kids and youngsters between 7 and 18 years (Ninja's) driven by volunteers (Coaches).

Problem-solving way of thinking – no lessons

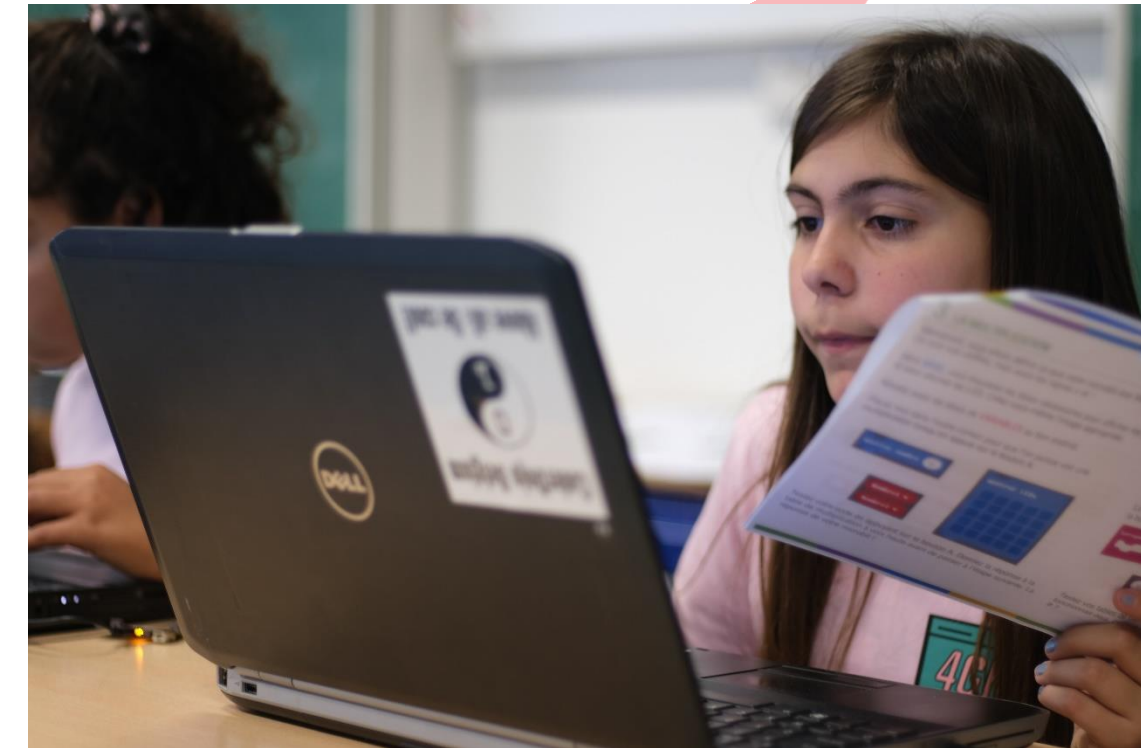

Teamwork

Social skills (Show & Tell)

# Why learn how to program

- Computational thinking – logical reasoning
- Motivates creativity
- Communication skills - teamwork
- Almost all future jobs will require digital skills

## Mission

- Accessible to everybody
- Free sessions
- Always a Dojo nearby

## What is a Dojo?

- A location (library, school, company, cultural center,...) with a group of volunteers
- Once a month mostly in the weekends
- Given and driven by volunteers

## What happens at a Dojo?

- Coding together for 2h - 2h30
- After 2h - 2h30: Show & Tell
